

Ski making package - 3600kr

Come to Morgedal with its unique ski making history and learn how to make your own wooden skis.

This two day package includes: the history of ski making, demonstration of how to make skis right from the log to the finished shape . You will also learn how to make the original telemark binding, techniques and practice in carving your own design on your skis. Total course cost is 3600Kkr which includes all lessons, equipment needed and of course you get to take home your very own "Morgedal originals".

NOTES: We can put together a package which includes accommodation - or shorter day programmes - let us know what you are interested in.

Bookings and more information on ski making:
